

introducing church center

Church Center is a digital platform with an easy-to-use mobile app that will allow our congregation to quickly find information and communicate with each other.

Is Church Center different from our website?

Church Center accesses information from both our website and from our church database (Planning Center) to allow you to quickly access information.

Do I have to use Church Center?

Absolutely not – this is strictly optional as all of our information will continue to exist where it is located now. Cell phone users will likely find the Church Center mobile app interface far superior to navigating the website on those devices.

What can I do on Church Center?

As with our church website, you can:

- locate more information on worship, ministries, programs, and service opportunities
- see the church calendar
- view videos
- give electronically
- ask for prayer requests
- connect to our social media accounts

Additional features when using Church Center:

- Connect with congregation members
- Join small groups
- Register for events
- See your group members, scheduled meetings, and access shared group resources
- Check in to gatherings

(over)

Is my private information protected?

You are in complete control of what information you choose to share with the church. Privacy and security policies from Planning Center are posted on our website.

You will receive an email from the church where you can choose to be listed in the electronic directory. The Church Center community will not have direct access to your email and phone number but instead will be able to send an email through Church Center (see screen shot, right).

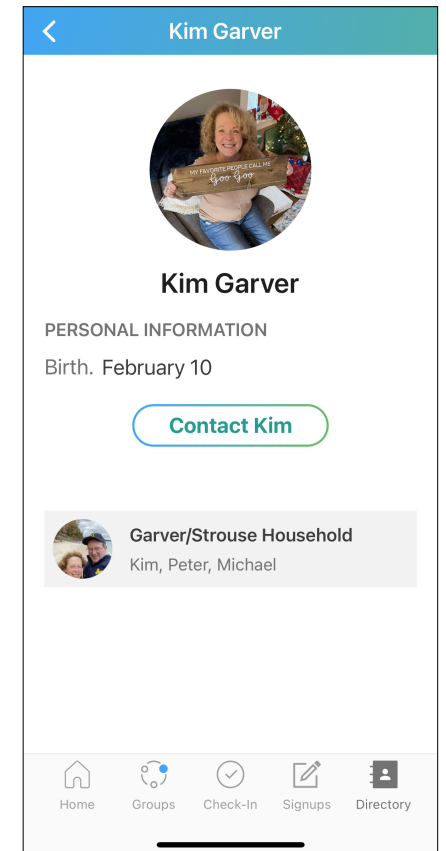

Can I have access to Church Center features even if I don't have or use a mobile phone?

Yes! Once you are registered, Church Center can be accessed on a computer through your preferred internet browser.

How do I register?

If you choose to use a browser version, go to www.fumc-a2.org/churchcenter and follow prompts.

If you access that same link on your mobile phone or scan the qr-code (right), Church Center will appear in your mobile phone browser. You can choose to download the app at the top of the screen. Prompts will ask you to verify your information.

www.fumc-a2.org/churchcenter

If you are a first time visitor or have not registered your information with our church, you can either fill out a Visitor Pew Pad, or contact Tina Alee in the office (tina@fumc-a2.org / 734-662-4536) to get started.
